Dear Mr. Don Steele,

I want to start by saying thank you and the Business Resource Store for your tireless work on behalf of Monique and myself. You have truly assisted in making our dream of becoming a Little Caesars franchise owner come true.

Your expertise and knowledge not only helped us to obtain a business loan, you also provided tools and tips to ensure the success of our business.

It is with great respect and thankfulness that I am writing this letter. I could not have done this without you.

Thank you,  
Robert L. Jones
